v.

San Francisco Police Dept.
City of San Francisco
County of San Francisco et al.,
Defendants

CASE# C 07 4276 CW (PR)

MOTION TO SET
A TRIAL DATE

Civil Action No. _____

[Walter R. Redmond], hereby declares:

I am the plaintiff herein. I do humbly, and respectfully request that a date for trial be set in this matter. I believe the case may become complex, because of the facts being left out/omitted from the police report regarding my being strangled unconscious/out-cold. Defendants assumed I was a "derelict," and uneducated, not knowing I am a former resident of Walnut Creek, Ca., a former security officer of Sunvalley Mall, Mormon, with college background, and it was beyond their wildest imagination I would pursue this litigation, so the police report was falsified, truth omitted.

It is very apparent that defendants will lie under oath, to get their desired results. I am 51 years old, and know the tainted history of S.F.P.D.. It is my understanding that Bibles are not used in courtrooms anymore, for "swearing-in" folks, and so it is convenient for the Spiritually bankrupt of the P.D. to wiggle/stither through, like snakes, to avoid detection, and truth!.. I also know it is in my best interest, and justice will be better served, if I had competent counsel, there were four officers (NAREO) involved in this cover-up of "excessive force"... They've been caught in the first lie already, the "police-report" itself, I went to S.F. General, for 8 hours before I was returned to jail and booked in, due to neck injury.

Dated this 17th day of November 2007.
